

June 26 1946

Dr. J.B. Martin
412 E. 47th St.
Chicago Ill.

Dear Dr.:

I am writing to enclose a copy of the letter I am sending Mr Gentry, in answer to the one he sent me.

I hope by now everything is straightened out, and no unfavorable publicity has come of it. You know our folks love to have something to gossip about, and they are so inclined to make a mountain out of a molehill. However I know you can take care of things.

I hope things are going nicely out west. I know you have heard The Eagles are looking very nice. The best thing about them is they are all nice boys, not a nuisance or troublemaker on the team. Hope whoever wins we will have a really good world series this year.

Very Truly Yours

PS: Is there any chance to get anything from Negro Baseball for the Negro College Fund?
